Figure 3

Data Flow for the Stand-alone Desktop-enabled Interactive Surveillance System

1. **Existing user** → **Activate users** → **Login** → **New patient**
   - **Yes**: Register the patient and generate patient ID
   - **No**: Continue to the next step

2. **Enter the patient details** → **Select the region: North or South** → **Complete the forms in sequence** → **Track the status of the forms** → **Synchronize data**

3. **Central database**
