

Table 1Uses of GIS in Healthcare Facilities ($n = 15$)

Function	Response Total	Response Percentage*
Marketing	4	29%
Strategic planning	5	36%
Coordination of services	2	14%
Capital planning	4	29%
Operational analysis	6	43%
Emergency preparedness	3	21%
Epidemics/surveillance/management of disease	3	21%

**Note:* Respondents could choose more than one response. Response Percentage refers to the percent of respondents choosing the listed use as one of their responses.
