Figure 1: Review Vendor A, B and C

Vendor A
- Availability of MRGs, increasing interoperability potential, innovative partnership approach and ability to deliver on time.
- ROI can be more extensive than the competition, better value.
- Detailed disclosure environment.

Vendor B
- Ability to own the data, list of options in a system integration, and strong security capabilities.
- Excellent scalability and solutions in-house.

Vendor C
- Open platform, robust modules, and cost-effective.
- Robustness in a post-crisis scenario, several larger hospitals and MoH's chose Vendor C.
