

Figure 5: Inpatient Case Management HRSN Screen Section to Document Patient Screening Responses

The figure consists of two screenshots from a medical software interface, likely an Electronic Health Record (EHR) system, showing patient screening responses.

Top Screenshot: This screenshot displays a patient's record for a visit on 11/13/2014. The patient's name is redacted. The interface includes a navigation menu on the left with options like 'Summary', 'Notes', 'Chart Review', and 'Case Mgmt' (highlighted with a red box). The main content area shows a 'Health Related Social Needs Screen' section with a '+ New Reading' button (highlighted with a red box) and a 'Patient Contacts' section. Below this is a 'Facesheet' section with a 'Medicare' label.

Bottom Screenshot: This screenshot shows a 'Summary' page for a patient. The patient's name is redacted. The interface includes a navigation menu on the left with options like 'Summary', 'Notes', 'Chart Review', 'Case Mgmt', 'Utilization Re...', 'Education', 'Care Plan', and 'Advance Care...'. The main content area shows a table of dates (03/08/18 1005) and a 'BestPractice Advisories' section. Below this is a 'Quick View' section with various links, including 'CMS Health Related Social Needs Report' (highlighted with a red box). On the right side, there are sections for 'Results', 'Print', and 'Additional Data'.
