Figure 4Meaningful Use Incentive Tracker

			Stage One	2012 Medicare Max	2012 Medicaid			
			AIU	NA	\$21,250.00			
			Year One	\$ 18,000.00	\$ 8,500.00			
			Year Two	\$ 12,000.00	\$ 8,500.00			
				2012 Allowed	2012 Max		2012 Incentives	
Program 💌	Stage 💌	Year 💌	At Risk?			2012 Estimated Incentives		
		AIU	,	Total Charge Amount <i>minus</i> Total			Actual Incentive	
Medicare				Adjustment	Based on	Medicare = Formula*	Amount	
Medicaid	One			Amount		Medicaid = Incentive for Year	Received ,	
Can filter or run pivot tables based on 'At Risk?' and exclude those that have since left your organization.								
Formula:	Formula: /f 0.75*Allowed Charge Amount > Max Incentive = Max Incentive Else 0.75*Allowed Charge Amount							

Note: This tracker is used to log qualifying eligible professionals (EPs) and their participation status, which is necessary to calculate estimated incentives. This information can be shared with the financial department to be included in budget plans and/or to notify them of expected future deposits. Likewise, logging actual incentive payments received assists with the identification of missing incentive payments so that further investigation can be completed.
